“ Aunt Linda, you were truly a wonderful aunt and you will be missed more than words can describe. From the time I was a baby, I have memories of how kind-hearted you were and always there to offer love, guidance and a laugh. I look back and wish I had more time, there is just so much more I want to share with you and show you. You took life as it came and although your path was hard, you always made the best of it and it was truly inspirational and rememberable. I sit here after seeing this and am still trying to find peace with what has happened and I am not sure I am going to be able to. But, I hope and pray that you are in a better place and will be there to show me the way. I was thinking back the other night as I was trying to get to sleep, and I remembered all the times that I slept over with you and gram and the one thing that I always remember is you rubbing my head to get me to sleep and the colorful oil lamp that gram had over the television. I would stare at that lamp as I fell asleep and the one feeling that I always remember is love. I also remember our trips to Disney at the Royal Plaza, gram was always so impressed with the Micky Mouse phones. You weren't a rich woman but you made sure we took those trips and the sacrifice you made to make it happen are life-long memories of mine. Thank you for all that you did for me, for being an amazing Aunt, and helping me grow into the man I am today. I promise I will try my best to stay strong and live life one day at a time and find smiles like you did throughout your journey.

Aunt Linda, I love you and I miss you but will always remember the great times we had together. Please give gram a hug for me, I miss her so much as I will miss you.

Your loving nephew,

Eric
