“ I was friends with Ida for many years and met Nicholas when visiting Ida in the hospital. I am saddened to learn that Ida and Nicholas have passed away. I have not heard from Ida in quite some time. They were two very nice people. My prayers are with the family and I pray they rest in peace. Grace Danzi

“ We were saddened and shocked to hear of his passing. We were aware that Nick and Ida were very close and loving. I guess that Nick losing his wife Ida was probably all he could take, and he followed her closely in passing. My Husband and I live in Missouri and haven't had contact with them other than by phone. Ida last called me in late summer or early fall of 2017. She told me she was not doing well and Nick also wasn't well. I tried numerous phone calls to their Philly home and New Jersey, no answer. Contacted a cousin and was told that they both died. Unable to find Ida's obituary, I don't know when she passed. May they rest in Peace in Heaven with all their loved ones and with Our Heavenly Father.
